

MONTHLY REPORT
TECHNICAL SERVICES BRANCH
ENGINEERING STAFF

1 March - 31 March 1963

1. With the annual personnel review, budget forecast and CEL panel meetings, March has proven to be a very busy and productive month.

2. The overtime continues to remain high as our manpower on the home front is spread very thin.

3. The continuing effort to strengthen our technical staff is progressing reasonably well, although qualified Wire Equipment Technicians are very hard to come by.
